ATHLETICS

Dear Parents,

It is once again time for spring physicals. If your child is a student at Pierce County Middle School and plans to try out for any type of sport during the next school year, they will need to have a physical on file. **If a child does not have a physical on file, he or she cannot try out for a sport.**

The school system and Blackshear Family Practice offer physicals each spring for $10. These physicals will be good for one year and will cover the 2016-2017 school year. If you choose, you may take your child to his or her physician for the physical. However, they will likely charge you more than $10 for the physical.

There is a two-step process involved in getting the physical done:

1. The preliminary portion of the physical is done first. The health occupations class from Pierce County High School will do height, weight, and vital signs at Pierce County Middle School on **March 29th**. This will be done during school hours. The health occupations class is supervised by Ellen Knowlton.

2. The physical exam with Blackshear Family Practice is done second and will be scheduled for **April 26th** at Pierce County Middle School after school hours.

These physical forms must be returned before the preliminary exams are done. Pierce County Middle School students must return the forms **by March 18th**. No preliminary physical will be done if forms are incomplete or if the forms are not returned by **March 18th**. Money needs to accompany the form on **March 18th.**

The following information must be completed on the form for the preliminary exam to be done:

1. History section on the front of the form.
2. Parent and student signature on the front and back of the form.
3. Proof of insurance on the back of the form or a note that you intend to purchase school insurance.
4. $10.00 must accompany the form the day of the preliminary exam. You may pay in cash or a check. Make checks payable to PCHS.

If the preliminary portion of the physical isn't completed, then the secondary portion will not be done by Blackshear Family Practice on April 26th.

Many thanks for your cooperation,

Maureen Brown, Athletic Director PCMS

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).
